Pana-Vue® Pana-Scan™

Portable Stand-Alone SLIDE & FILM SCANNER

iPad®
and
Tablet
Compatible

35mm Slides & Negatives, & 110 & 126 Negatives

The Pana-Scan™ Portable Stand Alone Slide & Film Scanner enables you to quickly and easily convert your cherished slides and negatives into high resolution 14 megapixel digital images without the need to be connected to a computer. You can show all of your precious images and memories on a TV, and print, share, email, archive and store them too.

Just place your slides or film in one of the supplied holders. Insert the holder into the Pana-Scan™. View the images on the 2.4" LCD screen. Press the copy button. The images are stored on an SD memory card ready for you to use in your computer, view on a TV screen, print, email, etc.

14
MEGA
PIXELS

The Pana-Scan™ Stand Alone Slide & Film Scanner is compatible with Windows © 7, 8, 10, XP, & Vista (32 bits/ 64 bits), and MAC. It uses a USB 2.0 port on your computer for both communication and power when used as a card reader for viewing stored images. When scanning, the Pana-Scan™ Stand Alone Slide and Film Scanner operates on either the rechargeable battery (included) or the AC adapter (included).

The Pana-Vue® Pana-Scan™ Stand Alone Slide and Film Scanner comes with ArcSoft MediaImpression2™ software for both MAC and PC to edit, crop and enhance your new digital images in your computer.

Pana-Scan Stack Loader

for faster scanning of up to 25 slides

APA130

(sold separately)
