

SIRUI Introduces the New HC Series Electronic Humidity Control Cabinets

HC Series

SIRUI Electronic Humidity Control Cabinet contain a high performance dehumidifying system with microcomputer humidity control, and have an easy-to-read LCD screen displaying percentage of humidity and temperature in °C / °F.

The SIRUI HC Series is silent running and energy-efficient. In addition to controlling internal humidity, these cabinets keep dust and dirt from accumulating on your valuable possessions.

There are five models to choose from: the compact SIRUI HC30, the compact SIRUI HC50 with one adjustable shelf, the SIRUI HC70 with two adjustable shelves, the full-sized SIRUI HC110 with three adjustable shelves and the ultra-sized SIRUI HC-200 with 4 adjustable shelves.

SIRUI Humidity Control Cabinets are designed to protect a wide range of valuables and precision accessories, such as jewelry, lenses, photographic and optical equipment, electronic products, microcomputers, chips, etc. The SIRUI designed and manufactured humidity control system prevents moisture from damaging your most precious possessions and helps extend their life and value.

Features

1. The precision built automatic electronic humidity control system is designed for long-term storage applications.
2. The SIRUI designed high performance dehumidifying system quickly controls humidity levels, is highly efficient, energy-saving and non-polluting.
3. Internal placement of the humidity control elements protects the components from damage.
4. The cabinet enclosure is constructed of 1.2mm high-strength, cold-rolled steel and is precision welded to guarantee structural integrity and long life.
5. The glass door is made with high quality tempered glass. It is moisture-proof, dust-proof and has an excellent air-tight seal.
6. The system will maintain the relative humidity up to 24 hours after the power is shut off.

6-YEAR WARRANTY FOR CABINET BODIES.
3-YEAR WARRANTY FOR ELECTRONIC PARTS.
U.S. WARRANTY ONLY HONORED WHEN PURCHASED FROM A U.S. AUTHORIZED DEALER

HUMIDITY CONTROL CABINET
