12" Metal/Vinyl Release

A quality woven metal cable release. Clear vinyl covered for extra durability and ease of handling. Screw lock for time exposures. Fingertip wings. Samigon blister pack.

- BSA842 12" Metal/Vinyl w/lock

Self Timer

Fits the cable release sockets of cameras and provides variable time delay for self-portraits.

- BSA831 Self-timer

20ft. Air Release

Provides a remote control system for most cameras. Smooth, easy, instantaneous action makes this an excellent tool for unobtrusive photographic work, such as photographing children, birds, etc.

Air release is 20ft. long and comes wound on a plastic drum for carrying convenience.

Samigon blister pack. Master: 10.

- BSA871 20ft. Air Release

Spirit Levels

Spirit levels mount in camera accessory shoe to keep cameras level. This is especially important when using wide angle lenses.

Made of clear plastic with accessory shoe mount on bottom. Two models are available: single bubble and double bubble. Double unit will align vertical and horizontal planes simultaneously.

Single unit measures 3/4" x 3/4" x 3/4",
Double unit measures 1 3/4" x 3/4" x 1".

Samigon blister pack. Single-Master:12; Double-Master:10.

- BSA543 Single Spirit Level
- BSA544 Double Spirit Level
