

# Super Axis Tripods

Perfect for professional photographers, students, and advanced amateurs who need strength and sturdiness at a competitive price. Overall, the tension control and metal construction make the Super Axis tripods a stronger and sturdier product than other tripods in this price range.

- All metal 3-way head, all metal collars
- Tension control geared elevator
- Heavy duty legs

**TENSION CONTROL BALL HEADS (TCB)**

Iston Ball Heads are finely machined from aluminum alloy to give years of professional use. Models with Quick Release accept Hasselblad and Mamiya cameras directly, and all other cameras with the use of an adapter plate which is provided.

Designed for maximum convenience during photo shoots. The tension control provides adjustable friction for both the ball movement and panning action. With a minimum friction enough to hold the camera without locking, photographers are freed from constant locking/unlocking while shooting.

**Medium Ball Head, TCB-8V**

With extra-large top plate. Designed for view cameras. Brass 1/4" - 3/8" bushing adapter included.

Height: 4"  
 Top Plate: 3" Diameter, Base: 1 3/4" Diameter  
 Ball: 1 1/2" Diameter  
 Screw: 3/8" (top), 3/8" (bottom)  
 Weight: 585 gram (1.3 lbs.)  
 Maximum Camera weight: 16 lbs.

BST285 Medium Ball Head TCB-8V

**Tripod Adapter, AD-4 for TCB-4 and BH-4 Ball Heads**

Allows TCB-4 and BH-4 heads to be used on tripods with larger top plate. Provides clearance for locking screws.

Height: 3/4"  
 Top Platform: 1 1/2" Diameter, Base: 2" Diameter  
 Bushing: 3/8" (top)  
 Screw: 3/8" (bottom)  
 Weight: 85 gram (3oz)

BST327 Tripod Adapter for TCB-4/BH-4 AD-4

**Tripod Quick Release, QR-1 and QR-10**

Automatically lock camera into position. Left hand unlocking lever frees right hand for holding the camera.

Positive locking allows for additional reinforcement. Accepts built-in camera plate from Hasselblad and Mamiya RB-67 cameras. Compact size with compact camera plate. Machined out of high quality aluminum alloy.
